Sentran Corporation has performed in-house testing and collected RoHS inquiries from our suppliers. Sentran Corporation has determined that all materials needed to manufacture the component stated in this document fully comply with RoHS Directives. The information provided in this environmental statement is, to our knowledge, correct as of the date indicated on this page. However, there is no guarantee to completeness or accuracy, as some information is derived from data sources outside the company. Sentran Corporation makes no representations or warranties concerning the compliance of components or raw materials supplied by its vendors.
